PROFESSIONAL SUMMARY

Computer Science graduate with strong software skills seeks to leverage diverse education and advanced analytical, technical, and programming expertise as a dedicated team player, facilitating company growth through quick adaptability and effective communication.

EDUCATION

Florida International University, Miami, FL

Bachelor of Arts in Computer Science,

3.66 GPA, Dean's List (2019-2023)

May 2023

PROJECTS

Library Profile (<https://github.com/JesusVelaz/SE-Library-Project>)

January 2023 – May 2023

- Developed four user stories which allows users to create, and update their profile, view a user's profile, and add their credit card information. The inputted information is transmitted to a database.
- Built using Java, MySQL, Spring Boot, IntelliJ.

Stocks App (<https://github.com/JesusVelaz/Stocks-Application>)

May 2023

- Designed an application to view various informative graphs and charts. This application allows users to view real-time insights into the performance of selected companies.
- Built using Python, Streamlit, and Yahoo Finance API.

Pokédex App (<https://jesusvelaz.github.io/PokeDex-App/>)

August 2023

- Implemented an application using PokeApi to extract and display over 800 Pokémon's names, abilities, images, and statistics. Enabling users to view any chosen Pokémon's information.
- Built using HTML, CSS, JS, and React.

TECHNICAL SKILLS

Languages: Java, Python, C, SQL, HTML, CSS

Proficient in the following technologies: MySQL, PostgreSQL, IntelliJ, PyCharm, NetBeans, Visual Studio Code, GitHub, Git

VOLUNTEER EXPERIENCE

Animal Shelter Volunteer:

August 2018 – October 2018

Miami-Dade Animal Services Pet Adoption & Protection Center

- Facilitate the adoption process by interacting with potential pet owners, answering inquiries, and conducting interviews.
- Provide daily care and support for animals, including feeding, grooming, and exercise.
